

SAVE A LIFE - DONATE A KIDNEY!

Right to left Chaya Lipschutz, Kidney Donor
with the person I donated a kidney to.

Photo was taken at my booth to promote kidney donation at an Expo at the Javits Center. My brother has since also donated a kidney. We both donated a kidney to a stranger and met our kidney recipients prior to our kidney donation.

**6,000 Americans die each year
while waiting for a life-saving kidney!**

"Just think, people have no problem having only one kidney - so we have to ask, why did G-d give us two kidneys? Perhaps it is so you would have an extra one to donate and save a life!"

***- Dr. Stuart Greenstein, Kidney Transplant Surgeon,
Montefiore Medical Center, Bronx, NY***

***Yes, the fact is, people can live just as well
with one kidney as with two!***

***For more information on kidney donation,
or to speak to others. including myself who have
donated a kidney please contact me at
KidnevMitzvah@aol.com***
